ABOUT

The Uncork for Hope Foundation's mission is to empower at-risk youth through community partnerships. We accomplish this mission by being the catalyst in building synergies between organizations to go beyond what they would do alone. Through events, the wine community, and other collaborative partners we hope to strengthen charities by creating a greater awareness of their needs and funding programs that positively impact the lives of California's most vulnerable children.

PAST (2026) CHARITY PARTNERS

YWCA SONOMA COUNTY

YWCA is the vital and singular provider of domestic violence supportive services for Sonoma County. The Uncork For Hope Foundation funds will support costs associated with YWCA Counseling Support Services for children. Specifically early intervention services at A Special Place Therapeutic Preschool, social- emotional learning groups, and individual counseling sessions for children addressing harm from trauma, domestic violence and abuse with proven early intervention methods that break the generational cycle of abuse and promote long-term positive outcomes.

CHOC THOMPSON AUTISM CENTER

The Thompson Autism and Neurodevelopmental Center at CHOC will deliver POST-approved autism awareness and response training for law enforcement, EMS, and firefighters across Orange County. Through 10 Blue Envelope sessions and 10 Train-the-Trainer programs, plus sensory tools, we aim to equip first responders with evidence-based strategies for safe, effective interactions with neurodiverse individuals. Expanding in mid-2026, this initiative addresses a critical need to reduce risk and improve outcomes for at-risk children and families. We seek 50% philanthropic support to match agency training budgets, ensuring sustainability and community safety.

WAYMAKERS

Waymakers Huntington Beach Youth Shelter is a "safe-haven" for homeless, runaway, abandoned, abused, unaccompanied, and at-risk youth ages 11-17. The youth served are typically referred by local schools, police departments, hospitals, community centers, parents and/or are self-referrals. The shelter is fully staffed and operates 24 hours a day, seven days a week, each day of the year. It is important for youth to have a therapeutic, safe environment as an alternative to the streets.

CASA ORANGE COUNTY

The CPC plans and delivers intentional, no-cost educational and enrichment activities for youth in foster care. Established in 2023 with the help of state funding, activities have since doubled, reaching nearly 1,900 participants annually through community organization and business partnerships. These experiences promote connection, education, and well-being for vulnerable youth, preparing them for productive, independent living. State funding is now terminated, creating a need to secure private funding to sustain the impact of the CPC's activities and enhancements to program quality and long-term outcomes for our youth.
